Key Stages and Timescales

Indicative timescales of usual work undertaken by Autumn Years Law is as follows:-

Probate
Key stages in administering an estate include as follows:- <ul style="list-style-type: none">• Advising on the terms of the Will / nature of the estate and consideration of the precise steps required as applicable to the individual estate• Verifying the identities of the Executors, the Beneficiaries; identifying the assets comprised in the estates and the value of such assets at the date of death together with determining the extent of liabilities of the estate, testamentary and funeral costs• Assisting the Executor with compliance with regulatory and legislative obligations placed upon the Executor• Preparing and making the application for probate together with the appropriate documentation for HM Revenues and Customs• Collecting in the assets of the estate and discharging the liabilities• Advising the Executor on protection from personal claims against the Executor arising from the Executor acting in the estate• Distributing the assets in accordance with the terms of the Will (or if applicable in accordance with the laws of intestacy) The precise steps required and timescales involved will depend on the nature of the estate. Ordinarily it can take between six weeks to 12 weeks to obtain the grant of probate and thereafter approximately six months to conclude the administration of the estate, although this will depend on whether or not there is a property involved in the estate, or if the estate is a taxable estate. When we know what work will be required for your estate's particular circumstances we will be able to provide more accurate timescales
Lasting Powers of Attorney
Key stages in the making of either type of Lasting Power of Attorney (LPA) include as follows:- <ul style="list-style-type: none">• Taking instructions and thereafter providing advice and guidance over the precise structure relevant to your circumstances of this powerful legal document. Please note we only take face-to-face instructions from the individual making the Lasting Power of Attorney• Preparing the LPA, arranging for the Donor to sign and make the LPA; where applicable acting as the certificate provider and thereafter arranging the Attorneys and Replacement Attorneys to accept their appointments.• Attending to the Registration of the LPA at the Office of the Public Guardian. The typical timescales from initial instruction to completion of the registration of a LPA can be ten to twelve weeks. This is largely due to the length of time it takes for the Office of the Public Guardian takes to comply with statutory requirements. The timescales may take longer if is considered that it would be appropriate to obtain medical evidence supporting the capacity to make the LPA or if there are a number of Attorneys appointed over a wide geographical area.
Wills
Key stages in the making a Will are follows:- <ul style="list-style-type: none">• Taking instructions and thereafter providing advice and guidance over how you wish to leave your estate. Please note we only take face-to-face instructions from the individual making the Will• Preparing the Will; obtaining its approval and attending to the completion of the Will The typical timescales from initial instructions to completion can be one-to-two weeks, although this will be quicker in emergency situations or may be longer if the nature of the Will instruction requires the creation of a trust or other such considerations.

Where payment has not been made within 14 days interest will be charged at 4% over NatWest base rate. Disbursements

In the course of carrying out your work there may be fees or expenditure paid to third parties known as disbursements. An example of a disbursement could be the Land Registry costs of obtaining a view of the legal title of your home or the Office of the Public Guardian's ("OPG") fees for registering a Lasting Power of Attorney ("LPA"). Such disbursements are payable by you. We are not obliged to make these payments on your behalf and so we may invite to you make a payment on account in respect of these costs. In the event we hold funds on your behalf we will discharge such costs from these funds or alternatively invoice you for settlement of the same.

Typical disbursement costs are as follows:-

- Where medical evidence as to capacity is required typical costs can vary depending upon the type of medical expertise required and range from £50 to £350

This list of disbursements is not exhaustive and will depend on the nature of your instruction, although you will be advised at the outset of any such costs or during the conduct of the matter should such expenditure become necessary.

For the avoidance of doubt the payment of any tax (for example Inheritance Tax) is not a disbursement but a liability of an estate and will be required to be settled from estate funds accordingly. The precise amount of tax due will depend upon the unique circumstances of the matter.
